

## **ANNOUNCEMENT**

Mathematical modelling final exam will be held on **17.06.2020** at **11.00**.

Students will be responsible for three questions in classic exam format.

Three questions will be submitted to the students as three different exam paper.

Thus, students will submit the answers related with the questions at specified time interval.

As explained in below;

**-For the first question** the planning exam time is 35 minutes.

Students should submit the answers between 11.00 and 11.35 o'clock.

**-For the second question** the planning exam time is 35 minutes.

Students should submit the answers between 11.40 and 12.15 o'clock.

**-For the third question** the planning exam time is 35 minutes.

Students should submit the answers between 12.20 and 12.55 o'clock.

## **EXAM RULES:**

Please answer the questions as clear, understandable and detailed manner.

Write down all the steps in order used for the solution of the each question.

Indicate clearly which answers answered for which questions.

For instance, you should name the answer as "answer 1" for "question 1".

It is the most critical issue that each student **must answer the questions with her/his knowledge**.

Do not share your answers with others.

If such a situation is realized, the answer will be categorized as **"copy answer"** and it won't be possible **for you to get any points.**
